MANJEET YADAV

SOFTWARE ENGINEER | FULL-STACK DEVELOPER

+91 8318384699 | manjeetydv2411@gmail.com | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Computer Science undergraduate specializing in Data Science with hands-on experience building full-stack web applications using the MERN stack. Skilled in developing REST APIs, implementing authentication and role-based access control, designing database-driven workflows, and building real-time features. Solved 550+ data structures and algorithms problems and achieved a peak LeetCode rating of **1704**. Interested in building reliable, scalable, user-focused software.

TECHNICAL SKILLS

Programming Languages:	C++, JavaScript, TypeScript, Python (Basic)
Frontend:	React.js, HTML5, CSS3, Tailwind CSS
Backend & APIs:	Node.js, Express.js, REST APIs, Socket.IO
Databases & Tools:	MongoDB, MySQL, SQL, Git, GitHub, Vite, Postman
Computer Science:	Data Structures and Algorithms, Object-Oriented Programming, Low-Level Design, DBMS Fundamentals, SQL Optimization

PROJECTS

RescueGrid AI | React, TypeScript, Node.js, Express.js, MongoDB, Socket.IO, Leaflet

- Built a role-based incident and resource coordination platform featuring incident management, responder assignments, and operational dashboards.
- Designed modular backend workflows and database structures using low-level design principles across relational and non-relational data models.
- Implemented real-time event updates and map-based incident visualization using Leaflet and OpenStreetMap.

MERN Real Estate Platform | MongoDB, Express.js, React.js, Node.js, SQL

- Developed a property discovery platform with listing exploration, advanced filters, and map-based browsing.
- Optimized database queries and schema designs to support complex property search parameters.
- Implemented filtering and favourite-property functionality to improve property discovery and user engagement.

StudyNotion - EdTech Platform | MERN Stack

- Developed an EdTech application supporting student, instructor, and administrator workflows.
- Implemented secure authentication, role-based access control, and course-management operations across frontend and backend.

EDUCATION

B.Tech, Computer Science & Engineering (Data Science) 2024 - 2028
JSS Academy of Technical Education, Noida SGPA: **8.41/10**

Class XII | Sun Shine Public School, Zamania, Ghazipur 2023 **92.8%**

Class X | Sun Shine Public School, Zamania, Ghazipur 2021 **93.2%**

ACHIEVEMENTS & TRAINING

- **Smart India Hackathon:** Qualified at college level.
- **Problem Solving:** Solved 550+ DSA problems; achieved a peak LeetCode rating of **1704**.
- **Web Development Training:** Completed 2-month web development training at 3Skill Training.
